Key Ingredient

- 💧 Lip Butter: Shea Butter with cherry flavoring
- 💧 Lip Exfoliant: Sugar and Jojoba Beads

Shea Cherry Lip Butter

- 💧 After your lips have been properly exfoliated, use Jordan Essentials' Shea Cherry Lip Butter to help keep you lips looking their best. It contains Shea Butter to soften lips, Olive Squalane to reduce wrinkles. Use as a daily moisturizer for your lips. Best of all it's Cherry flavored! It provides the all over best care for your lips. Use lip butter daily.

Lip Exfoliant

- 💧 Jordan Essentials' Lip Exfoliant, like many other body scrubs, uses sugar and jojoba beads to exfoliate the surface layers when rubbed on your lips. Lip Exfoliant removes the dead outer surface of your lips and brings out new fresh layers, making lips soft, smooth, and yes, kissable! Use at least once a week or more during winter. It only takes a few minutes. You can add it to your evening routine or simply do it after you brush your teeth. With Jordan Essentials' Lip Exfoliant, smooth beautiful lips will always be within reach.
