

In our household, vacations are a luxury item. There are always more important things to spend money on like bills, college tuition & home improvements. I set a goal, took advantage of specials, did vendor events to meet people and started to party my way to the trip! It was so worth it! - Carrie Kennedy

Amazing trips without the kids! It was great hanging out with my Jordan sister consultants, Nancy and Lydia. I cannot wait to see where next year takes us. I am going to do that trip too! - Catherine Latoski

Why work to earn the incentive trip? My husband and I love the beach and I wanted be able to earn a trip for us to get away! Setting a goal and achieving it is an awesome feeling too! When the trip was announced JE went above and beyond and gave us a blueprint of how to earn the trip. I worked the plan and when I'd get off track, I'd recalculate and get back on track. Basically, if a consultant works 6 parties consistently a month - it is so do-able! Who's going with me next trip? - Susi Huff
