## ABC Glossary – Essential Oils & Herbal Blends

Knowing your products and key ingredients is an important part of your Jordan Essentials business. You do not need to be a chemist to share Jordan Essentials, you just have to love people and want the best for them.

Jordan Essentials is the Trusted Name in Healthy Family Skin Care. Our focus is to provide great skin care for the entire family. We formulate all of our products using the best, most natural ingredients available. Jordan Essentials prides itself on family friendly products with high quality natural and botanical ingredients that have multiple benefits. Your products are the same ones we use on our families every day.

More and more people are becoming educated about healthy skin care and the importance of the ingredients used in their daily routine. At your in-home Spa Parties, online and person to person as well as vendor events, you can enjoy sharing great skin care education. Be sure and let people know you are not a licensed professional (unless you are) and that you are sharing company information.

All of our products are USA made using the highest quality ingredients like Shea Butter, Coconut Oil, Beeswax, Dead Sea Salts, Grapeseed Oil, and more. We also have ingredients we avoid; Aluminum, DEA, Parabens, Isopropyl Alcohol, Petroleum, Mineral Oil, SLS/SLES, and Gluten.

All product definitions in this guide come from reputable sources such as the FDA website and the Cosmetic Ingredient Dictionary, as well as independent research from our manufacturers and various unbiased, reliable resources.

Please be wary of all the hype found on the internet as many times information found is nothing more than a sales pitch. Be sure to check your source to ensure you do not receive false or unverified information. # Essential Oils

Nature provides powerful essential oils from leaves, flowers, roots, fruits, and trees. The Bible is full of amazing oils intended to support and soothe. Modern research has confirmed the benefits of oils as well as many happy essential oil users. We spare no effort to maintain the high quality and purity of our essential oils and ensure that our oils meet stringent quality standards. As far as possible, our products are from organic growers. All of our essential oils are ethically produced and are free from pesticides and chemical fertilizers.

*Essential oils in dropper bottles are undiluted and should be blended in your favorite Jordan Essentials products and we recommend you do not use directly on the skin. Jordan Essentials does not claim to cure any illness. Check with your doctor first if pregnant, nursing, or taking medication. Not for use on children under 2 years of age. These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure, or prevent disease.*
