

# BASIC FACE CARE STEPS

## 1. Cleanse Daily

### **Jordan Essentials Gentle Cleanser in Soap Saver**

Wet hands with warm water and place a small amount of Gentle Cleanser on fingertips or Facial Brush and gently work into a lather on face. Rinse with tepid water.

## 2. Exfoliate Weekly

### **Gentle Exfoliant or Spa Polish**

Gently buff & polish your face. When used with our super soft Facial Brush in circular motions, your face will enjoy renewed circulation and sloughing off dead skin cells.

## 3. Correct and Detoxify Weekly

### **Detoxifying Clay Mask**

Apply liberally to cleansed skin. Leave on for approximately 10 minutes. Mist with Toner to keep it moist, if needed. Remove mask gently with tepid water. Avoid eye area and lips. Use as a spot blemish treatment too!

## 4. Tone & Hydrate Daily

### **Toner Mist**

Spritz after Cleansing or Detoxifying Clay Mask, after sun exposure, and/or after skin is exposed to extreme heat. Allow to air dry.

## 5. Moisturize Face Daily

### **Daily Moisturizer, Deep Daily Moisturizer, Sensitive Formula Daily Moisturizer, or Acne Treatment Moisturizer**

Apply moisturizer to your face daily.

## 6. Address Dark Circles and Wrinkles Daily

### **Time Rewind Eye Cream**

Apply Time Rewind Eye Cream around your eyes daily to help with dark circles, wrinkles and sagging. The skin around the eyes is very delicate and Jordan Essentials Time Rewind Cream contains botanical olive squalane which helps age spots diminish, softens wrinkles and helps with UV damage. It also contains silica elastomers to reduce wrinkles up to 84 %. It contains Co Q10 which when used around your eyes will reduce wrinkles and return your eyes to a more vibrant, youthful look. Be one of my hostess in January and this amazing eye cream can be yours for only \$10 with your \$300 show. Ask me how!

*The steps above are extremely important to ensure you have the most vibrant skin possible! Jordan Essentials Essential Face Care System can be customized just for you! We have a kit which allows you to pick your exfoliant for normal to oily skin or sensitive skin and dry skin. We have an acne prone skin care system with willow bark, too.*
