

Healthy Skin ♣ Healthy Life™

MINERAL MAKEUP

EYESHADOWS

Your eyes are the first thing people notice so make yours pop with color! Our safe Mineral Makeup Eyeshadows go from subtle daytime wear to the ultimate smokey eye collection for those special occasions. We offer shades with bright pops of color but yet still have those classics too!

KEY INGREDIENTS

Titanium Dioxide: Protects skin from UVA and UVB radiation.

Zinc Oxide: Anti-inflammatory and anti-microbial. Adds inorganic color with none of the problems of petroleum-derived dyes.

BENEFITS AND SUGGESTED USES

Unlike Talc or Bismuth Oxychloride-based products that can clog pores and damage skin, our Mineral Makeup contains all-natural, Aluminum-free Titanium Dioxide and Zinc Oxide which provides a natural sun protection without irritating chemicals.

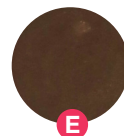

Sweep base color over lid or crease. Layer for desired effect.
