

## MINERAL VEIL

### Mineral Makeup

Extend the life of your Mineral Makeup. It creates a spectacular finale for any kind of complexion. Minimizing lines, absorbing oils, and softening your complexion, it gives you a flawless finish. Best of all, it's weightless. It locks makeup in place and gives your skin airbrushed perfection.

### Key Ingredients

Mica: A mineral that reflects light and is known for its brilliant or shimmering appearance.

Aloe Barbadensis (Aloe Vera) Powder: Has been shown to improve the appearance of aging and/or dry skin by increasing the collagen synthesis and skin elasticity.

### Benefits and Suggested Uses

#### Suggested Uses:

Apply over makeup as a finishing touch or before you apply makeup to help absorb oil.

#### How to Apply:

Step 1: Swirl some Mineral Veil in the lid until it's all tucked into the bristles of your brush. Tap off any excess - you should not see any on the brush.

Step 2: Using the Kabuki Brush, buff Mineral Veil starting in your T-Zone to refine pores and absorb oil.
