

Healthy Skin ♣ Healthy Life

NANCY'S NOTE!

We just returned from a beautiful cruise with the Jordies. It still takes my breath away to think about the amazing benefits God provides for us. Our industry gave us that wonderful perk no other has, a special time together just for doing what you love.

Perks are an interesting thing.

Have you ever been to a place or store only to find everyone has a coupon or inside data you do not have? You feel a little gyped right? It can be the same thing at Jordanvention if you show up and people are getting all kinds of awards and you are not. So as we close April, I want to tell you where the deals are and some really good news! All of our perks and specials need skills you can learn. I think each person has the inner excellence if she/he is willing to learn the skills, really love people and really love the products. Isn't that good news?

One of the things I love doing is what I call my "Oprah moments"

I love giving awards and recognition on stage. Some awards are inclusive and some are exclusive. Top 10 awards are exclusive, only 10 people can get them. Inclusive are the Circle of Excellence our highest honor award, C Club, Sponsor to the Spa, Spa 50, and Smart Start Awards. As we turn the corner to May, set some goals with your Director. Take a tour of the Facebook group, Jordan Express, and learn some skills to make those goals come to life. Our training center is extensive and we know you have what it takes! With a little support and education you can do great things!

Check out all of the awards and ribbons you can earn in July at Jordanvention 2018; Imagine! And do not forget to register today, the best rate ends May 31st!

Imagine the personal possibilities in your life!
